BEAR STATS

SPRINGFIELD CAMPUS
FALL 2018

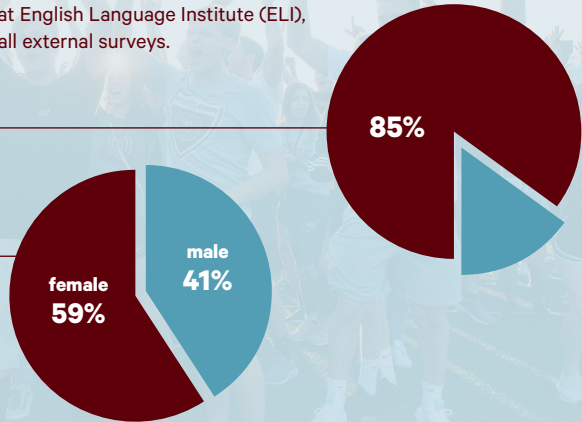

The **FALL 2018** enrollment of **24,390** on the Springfield campus was the highest headcount in Bear history.

For national comparison purposes, the headcount of 23,697 is used. It is based on IPEDS submissions and is represented on subsequent charts and tables. This total does not include the 693 students exclusively auditing classes, enrolled at English Language Institute (ELI), China Campus or Study Away. These data are used for all external surveys.

More than **20,000 (85%)** Bears are undergraduates.

Total Bear enrollment has increased by **4,208 (18%)** in the last **10 years**.

GO BEARS

Bears may attend **NCAA Division I intercollegiate athletic events** for 17 teams and participate in numerous recreational activities.

BEARWEAR FRIDAYS

On BearWear Fridays, we wear maroon and white!
And on many other days, of course.

The Office of Institutional Research (OIR) serves as a centralized resource to campus decision-makers and planners by providing an objective standard for determining the extent to which MSU achieves its core mission of educated persons, as well as determining the extent to which MSU achieves its stated goals.

The Bear Stats, prepared by OIR, provides data supplied annually for the purpose of state and federal compliance. These data are routinely produced by OIR and used to fulfill Missouri State University obligations to a variety of external agencies, including the National Center for Education Statistics (NCES), the Board of Governors, a variety of federal and state governmental units, and rating/ranking publications.
