Scope of the Required Student Fees Schedule

All fees assessed must be paid in full by specified fee deadlines; otherwise, a student's future registration may be canceled. Courses audited count in the same way as courses taken for credit in determining fees. *The required student fee schedule is subject to revision by the Board of Governors without notice.*

Exceptions to the Required Student Fees Schedule

The Provost or designee has the authority to approve exceptions to the above required student fee schedule for specific course sections. These exceptions will generally be made for sections of courses that do not require students to come to the campus for more than a short period of time.

Fee Exchange for Section Changes after the Change of Schedule Period

Students may drop a section and add a different section of the same course during the same part of term and receive an even exchange of fees provided the section add and drop were processed during the same transaction. Students who drop and add a section of the same course but in a different part of term do not qualify for this fee exchange. Students who drop a special topics course and add the same course but with a different topic do not qualify for this fee exchange.
