**Annual Security and Fire Safety Report for the 2023 Reporting Year**

**Notice of Availability**

Missouri State University is committed to assisting all members of the University community in providing for their own safety and security, and to supporting the welfare of its students, faculty, staff, and visitors. In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), the Office of University Safety prepares the Annual Security and Fire Safety Report each year for each campus.

Each individual campus report includes statistics for 2021, 2022, & 2023 calendar years concerning reported crimes that occurred on campus, in certain off-campus buildings owned or controlled by Missouri State University, and on public property within the campus or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security, such as those concerning alcohol and other drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. Campuses that have residential facilities will have a report that includes annual fire safety information including the number of fires in residential facilities, any injuries, deaths, or property damage resulting from those fires, and policies/procedures related to fire safety and responses to fires.

The Annual Security and Fire Safety Reports are available on the University Safety website at <https://www.missouristate.edu/Safety/reports-and-policies.htm>, Missouri State University Office of University Safety, 700 E.
