 - b. Thank you, guys, for encouraging your guys to apply for IFC! We have several applicants already and would love to get a lot more. Reminder that it is on BearLink, and that it closes November 1st at 11:59pm so please have your guys apply asap if they're going to.
 - c. I wish I was here in person to talk about this, but it's too important to wait two weeks. One of the Pi Kapp pledges yesterday passed out at the tailgate, both the police and the EMTs agreed that it was likely his weed that they believe was laced with fentanyl or some other opiate. He's okay, he's back in good health, but it was very very scary Saturday. He said he got it from a "friend" from back home in St. Louis. Just gonna take this as an opportunity to ask you and your members to please be safe and responsible if you choose to partake in those activities. Cheap weed from your local loser drug dealer isn't the best way to go, and as I saw Saturday, can have some bad consequences. Please try and familiarize yourself with resources, I believe there's a place downtown with free Narcan if you're worried about your guys having this same issue. Stay safe everyone.
