<input type="checkbox"/>	Provost Scholarship	\$625*
<input type="checkbox"/>	Deans' Scholarship	\$375*

*The summer value will be fixed at the amount indicated.

**The room and board allowance is awarded only to students who are living on campus or participating in an approved study away program and will be fixed at the amount indicated.

I am requesting this option because (check one):

I intend to graduate early.

I wish to participate in a study abroad program.

By my signature below, I acknowledge that I understand and agree to the following:

- To qualify for the summer scholarship, I must meet renewal criteria (credit hours and grade point average) by the end of the spring semester. The summer option is not available to students who are taking summer classes to meet the credit hour or GPA criteria to renew for the following fall.
- If I qualify for a "downgraded" scholarship at the end of the spring semester and choose to use the downgraded scholarship for the summer option, I cannot use my summer enrollment, or any future enrollment, to regain my original scholarship.
- **For each summer I use my scholarship, my remaining semesters of eligibility will be reduced by one full semester;** thus, since the summer value is less than the value of a full semester award, exercising this option will be advantageous to me only if I graduate early.
- It is my responsibility to work with my academic advisor to develop my graduation plan.
- I must enroll in at least six credit hours for the summer session unless I receive approval for an exception for a study away program.
- If I am approved to use the summer scholarship option, the credit hours earned during the summer the scholarship is awarded cannot be used to meet renewal criteria for the following academic year. For example, if I use my scholarship in a given summer, I must earn 30 hours during the following fall and spring semesters to renew for the next academic year. The grades earned; however, will be included in my cumulative GPA in determining renewability.
- My scholarship award will not be applied to my account until the first disbursement of financial aid for the summer session (typically the second week of classes).
